### Suicide at Gohardasht Prison

By Majid Naficy

*In Memory of Jalil Shahbazi*

They have wiped off  
The stains of your blood  
From Gohardasht Prison's lavatory  
And have buried your body still alive  
With thousands of summer '88 victims  
In the Cemetery of the Infidels.\*

But I still feel  
That shard of glass  
In my body and soul  
When you decided not to step  
Into the hallway of death  
Lest faced with the question of a sharia judge:

“Are you an apostate or a Muslim?”  
You turn left to the slaughter house  
Or right to a miserable life.

\*- In summer 1988, ordered by Khomeini, thousands of political prisoners were secretly killed and buried in the Cemetery of the Infidels in Tehran and other places.
