

Towards a general and nationwide labor strike

24 April 2023

Labor strikes spread. On the fourth day of the strike of oil and petrochemical contract workers, more companies in different branches have joined it. According to published reports, by the end of Sunday, April 24, workers, and employees of 60 companies have participated in the 1402 strike campaign. The demands of the strikers are a 79% increase in wages and 20 days of work and 10 days of rest, which has become known as the twenty-ten campaign.

New workers from companies joining the strike on Monday shows the expansion and potential of this new round of strikes. Among them fitters and welders of Rahimi contractor working in Isfahan refinery, Rahmani contracting group in Dralu Kerman copper company, Azdar and Tahmasbi contractors and project forces of Shadgan steel.
